<b>Reporting Unit ID</b>	Effective Date: 10/01/2009

**Definition:**

Unique identifier assigned to each organizational or administrative unit reporting data on the DBHR CIS System.

**Maximum character length: 3.**

**Note:** Since codes may change as Reporting Units are added or deleted over time, current codes are kept on the “MH Intranet.” For a complete list of Reporting Units or to establish a new ID, see instructions on the MH Intranet.

There are specific assigned Reporting Unit IDs (RUID) for the RSNs and also RSN identifiers (RSN ID) which are a two digit text equivalent, as shown in the following table. Also note both values, RSN RUID and RSN ID are used in HIPAA 837 transactions.
